

TEMPE PARKS & RECREATION ADULT SOFTBALL PROGRAM FALL 2005

FOCUS GROUP UPDATE

Ten teams attended the August 16 coaches' focus group meeting. The following topics were discussed and should prove to be of interest to all adult softball teams. Please take time to review the results.

FORFEITS: The current rules say a team may be dropped from the league after the third forfeit. We have changed the rule to read after the second forfeit. We will make a better effort to communicate with teams, after a forfeit - to understand their situation and determine what their plans are.

Thank you for taking the time to read over these important changes to your league. If you have any questions or would like to attend a future focus group meeting please let me know.
